Safer Staffing - An additional report of the outcome of drilling down exercises.	24/9/14	GO	Now scheduled for October 2015 Board meeting.
<p data-bbox="165 618 539 656">Quality and Safety Report</p> <p data-bbox="165 696 663 913">An analysis relating to the Appleby Review findings that suicide rates have increased nationally, particularly in middle aged men with a mental illness to a future Board meeting.</p> <p data-bbox="165 1317 663 1570">This report highlighted themes from a community perspective and it was queried whether similar information to Safer Staffing on inpatient wards could be produced. Feasibility of producing a similar report to be looked at.</p>	22/7/15	<p data-bbox="927 696 975 734">DG</p> <p data-bbox="895 1317 1007 1355">DG/GO</p>	<p data-bbox="1077 696 1525 1055">Dr. Damian Robinson on 14 September 2015: "The review is over a 5 year period from 2010-2014. Smallish numbers but indeed an upwards trend in men aged 35-44 and 45-54 from all causes of unnatural deaths. The number of deaths (just looking at suicides) is too small to see any clear trend."</p> <p data-bbox="1077 1099 1501 1279">Note: Dr. Damian Robinson will be present at the September 2015 Board meeting if further explanation is required.</p> <p data-bbox="1077 1323 1485 1424">Discussions to take place. Estimate of an update to the October 2015 Board.</p>
